### Letter of Endorsement

Over the years UNESCO has supported various initiatives aiming to promote the mutual recognition of higher education qualifications, as well as access to higher education institutions across borders, as laid down in the Lisbon Recognition Convention of 1997.

The Norwegian National Commission for UNESCO is in favor of international student mobility. ISIC – International Student Identity Card - contributes to increased student mobility across borders. It helps students take advantage of offers on travel, studies, museums, shopping etc. worldwide. Any full time student at school, college or university is eligible for an ISIC Student ID Card.

We thus confirm that the Norwegian National Commission for UNESCO supports the ISIC intentions and activities.

Sincerely yours,

Tanja Kristine Hegge

Secretary-General

The Norwegian National Commission  
for UNESCO
